HISTORY

Four years ago, in the fall of 1945 to be exact, 45 little dejected boys and girls entered the halls of the Hendersonville High School. Of the toils, tribulations, and the joys they experienced I am now about to tell.

Oh, shall we ever forget that terrible feeling when we first entered the front door! However, it wasn't long until we began to feel quite at home. As our guide through that first year, we chose Mrs. Cordell Johnson. She was also our English teacher for almost three years and many of our cherished memories of H. H. S. center around her classes. Speaking of Mrs. Johnson's classes, how can we ever forget Mattie's "smiling fish." Our class officers that year were Virginia Lee, President; Ray Mundy, Vice-President; Loreece Carr, Secretary-Treasurer; Nettie Sue Ralph, Reporter; and R. L. Armstrong as Sergeant-at-Arms. Our representatives on the cheering squad were Peggy Douglas and Norma Raymer. We had our toils as well as joys in our high school careers, but only the joys seem to be remembered now. One of our well remembered ones was the Freshman jaunt to Shelby Park for a picnic. Everyone ate too much, but who ever went to a picnic and enjoyed it without eating too much?

Starting our Sophomore Year off in a big way, we elected Miss Kathleen Fergusson as our new Sponsor, with Virginia Lee as President, Ray Mundy, Vice-President; Nettie Sue Ralph, Secretary-Treasurer; and E. C. Green as Sergeant-at-Arms. Jo-Ann Hunter and Norma Raymer were our cheerleaders. It seems that it is a tradition for each class at H. H. S. to give at one time or another a hayride and go around the "loop." Who are we to break the tradition, so on our sophomore hayride we rode all the way around the "loop," then came back to a wonderful wiener roast at the Lee's.

Oh, the Junior Year! We really got ahead in the world, financially, that is. Miss Fergusson was again our sponsor and we accomplished many things under her

leadership. That year we started a tradition at H. H. S., the tradition of the Junior Class Play. Our play, *Nuts and Bolts*, was a huge success. Why we may even have a future actor or actress in our midst! The proceeds from our play helped finance the highlight of the season, the Junior-Senior reception. It was given in the gym and the place will never again look as festive as it did that night. Crepe paper streamers and bright colored wagon wheels were everywhere. We even had a five piece orchestra! Our tables were stacks of real baled hay and at the ends of the tables there were big, black kettles of ice cold Coca-Colas. The Junior officers were Virginia Lee, President; Ray Mundy, Vice-President; Sue Johnson, Secretary; E. C. Green, Treasurer; and Leroy Rice, Reporter. Our Cheerleaders, Virginia Lee and Nettie Sue Ralph, really helped support the team. To end our Junior Year in a big way we made that never-to-be-forgotten trip to Mammoth Cave, Kentucky. Up at dawn, riding all the way there, and then tramping through the cave was really a job, but who cared about being tired?

The Senior Year produced many tasks, such as editing the "Commando Comet" and helping with the annual which was sponsored by the Beta Club. To help direct these tasks we again chose a new sponsor, Mr. J. O. Barnes. Betty Ann Durham was elected President; E. C. Green, Vice-President; Dot Petty, Secretary; Virginia Lee, Treasurer; and Ray Mundy, Reporter. Our cheerleaders were Virginia Lee and Ray Mundy. History is said to be the recorded happenings from an unbiased view, but as I record the happenings of our dear class it is hard for me to present it as such. The things our class did are all happy eventful happenings to come.

Our graduation is at hand and all the parties and joys along with the work and study are only memories. We leave now, thanking the faculty and student body for all their helpfulness. We want to especially thank Mr. W. A. Kirby for his sincere help in all our struggles.

CLASS PROPHECY

One afternoon I was lazily slumped in my favorite chair, reading a current book. Glancing at the clock, I noticed that the hands were moving very rapidly. My eyes seemed drawn to them as though they were a magnet. Slowly pictures began to form on its face and as I looked closer I seemed to recognize the faces. Why of course! They were my old classmates of H.H.S. They seemed the same, except for age.

First, I saw BETTY ANNE DURHAM at a desk in a small clutter room. She was writing feverishly. As I glanced at the book which I had been reading I noticed her name on the cover. We realized that she had talent but fame came so soon. Why, her book was outselling any book ever before published.

Then a palatial home in Hollywood flashed before my eyes and there was BETTY LOU RALPH looking quite chic and stylish. As Clark Gable's seventh wife, she was ready to run at a moment's notice.

The scene changes to a rural farm home in the heart of Sumner County. The mailbox at the end of the drive read John D. Scott, Jr. NETTIE SUE RALPH always wanted to be a farmer's wife.

Oh, no! It can't be. There was ANNE JENNINGS doing a difficult spin on ice skates in Madison Square Garden. Sonja Henie has tough competition.

Flash! The scene changes to Marshall Field's and one of the executive offices. SUE JOHNSON, as efficient as ever, is head of the accounting department.

Back to Hendersonville! JO-ANN LEE is still a housewife only now there are more than two in the little house on Walton Ferry Road.

The next thing I saw I could hardly believe. LEROY RICE was sitting in his swank hotel suite being interviewed by Hedda Hopper. He is with the Metropolitan Opera Company in New York. He is currently playing Don Jose in "The Loves of Carmen."

We also find JANE RALPH in New York. Since Rise Stevens' third marriage she has retired from the opera. Lucky break for Jane, who is now playing "Carmen."

We always knew URIE MITCHELL and E. C. GREEN were competing with each other. They're both still married. Now they each have a Service Station within a stone's throw of each other. May the best man win.

Well, look who's paying inheritance tax! CHRISTINE KENDALL is sole beneficiary of a will including a chain of Hyder's five and ten cent stores.

Who's that with the lovely tan? Wait 'til she turns around. My goodness, it's RAY MUNDY. Junior Hunter must still be struggling at the University of Florida for an education.

Well, well, LOREECE CARR is a career girl now. She is a power model for Sandy Moore Motor Company, Goodlettsville, Tennessee. Happy motoring!

Would you believe it, we have a frontierswoman among us. CAROLYN HUTCHISON is teaching Home Economics in San Antonio, Texas.

Well, what do you know! VIRGINIA LEE surely has risen in the world. She is the wife of a wealthy plantation owner down Covington way. She is at present reigning as Cotton Queen.

Woodland Street Bridge doesn't sway any more. After all HAYDON ENGLAND is the chief engineer of the Nashville Bridge Company.

It's impossible, I can't believe my eyes. MATTIE JONES' youthful dream of traveling has finally come true. She is the first lady Ambassador to Holland.

Hendersonville is really progressing. It has a milk company now. The sign out front reads "WILLIAM LAMPLEY, Proprietor."

BARBARA DIATIKAR has launched on a bookkeeping career. I wonder if this will end in marriage as her sister's did.

JUANITA MAXEY has gone journalistic. She is now writing up all the baseball games for the "Saundersville Gazette."

Of all things! There is MINA RALPH. She was in a Concert Hall in Chicago. She was playing Schubert's "Unfinished Symphony in B Minor." She finished and looked up for applause. Hearing nothing she looked up—no audience!

Surprised, I see DOT PETTY coaching the undefeated basketball team of H. H. S. It's the love of the sport, I'm sure.

Then the hands of the clock slowed down and all the faces of my classmates were gone. It had been thrilling to look into the future, but the present is far more important.
